

## Directions to submit to PeerJ for Geomorphometry 2018:

The conference collection landing page is now online: <https://peerj.com/collections/57-geomorphometry2018/>

The first preprint is now online: <https://peerj.com/preprints/27053/> . You can track views and downloads.

- <https://peerj.com/login> and create free account
- <https://peerj.com/manuscripts/start/> to start submission
- Set the general status as:

- 1** Select your research area
- Life, Biological, Environmental and Health Sciences
  - Computer Sciences

- 2** Check our policies and scope
- Make sure your submission fits our policies and scope.
- [Peer-reviewed article author guidelines](#)
- [Preprint author guidelines](#)

- 3** Preprint or peer-reviewed?
- Begin peer-reviewed article, or a preprint?
- Peer-reviewed
  - Preprint only

- 4** Choose your article type
- Which type of article do you want to submit?
- Research Article
  - Literature Review
  - Systematic review/Meta-analysis
  - Bioinformatics tool
  - Abstract
  - Conference submission
  - Confirmatory result
  - Contradictory result
  - Data report/analysis
  - Infographic
  - Methods article
  - Negative finding
  - Opinion article
  - Pilot study
  - Poster
  - Registered report
  - Research note
  - Slides
  - Software
  - Study protocol

- 
- Continue to fill out forms.
  - When you upload the PDF, our PDFs go in fine. If you have a poster, it appears you can submit that instead of the abstract if you think that works better.
  - There are not too many subject areas available (PeerJ only recently added environmental science which made us in scope), so you might just use the two below. You can pick your own key words.

## Subject Areas

Computational Science, Spatial and Geographic Information Science

## Keywords

bare earth, digital terrain model, lidar, DTM

- When you get to declarations, put in a confidential notice to the staff to include the submission in the conference collection.

Declarations

Please complete the 6 declaration tabs below. Use full sentences as some of your answers will be published.

Authorship Copyright & General Required Statements Associated Data Study Design Other

### Other

Confidential Information for PeerJ Staff

✓ saved

**Optional**

This paper belongs with the Geomorphometry 2018 collection, which is in the process of being set up!

**Checklist**

- ✓ All 6 tabs completed (from Authorship to Other).
- ✓ Any comments you may have for

**Help**

In the spirit of having a transparent process, we discourage confidential comments. However, we appreciate that there is occasionally a need to provide such comments to staff - in those cases, please use this field.

Save and continue >

Next section: Upload Files

- The following data fields must be entered, and will be posted with the paper on the web, so you might want to think about what to put beforehand!

## Author comment

This paper was presented at the Geomorphometry 2018 conference in Boulder, CO in August 2018.

## Sections

### Additional Information

#### Competing Interests

The author declares that he has no competing interests.

#### Author Contributions

[Peter L. Guth](#) conceived and designed the experiments, performed the experiments, analyzed the data, contributed reagents/materials/analysis tools, prepared figures and/or tables, authored or reviewed drafts of the paper, approved the final draft.

#### Data Deposition

The following information was supplied regarding data availability:

The data used in this paper comes from public data repositories. The program to manipulate the data is freely available on my web site.

#### Funding

The author was supported by a sabbatical leave from the US Naval Academy while conducting this work. The funders had no role in study design, data collection and analysis, decision to publish, or preparation of the manuscript.

## • Final checklist

## Submit

### 1. Check that all submission sections are complete

Title/Abstract	OK	
Authors	Warning	<b>No co-authors</b> Please add your co-authors (if you have any). <a href="#">Edit</a>
Subject Areas	OK	
Keywords	OK	
Declarations	OK	
Files	Warning	<b>No Supplemental files</b> Please upload supplemental files (if you have any). <a href="#">Edit</a>

### 2. Submit

Submit to editorial staff by clicking the green button below. Staff will then quickly review the submission and return it if there are any technical errors or if it is out of scope for *PeerJ Preprints*. Once approved it will then receive a DOI and be made **public**. This process should take less than one working day.

[Submit for approval >](#)

- By checking this box and submitting you acknowledge that once published the preprint becomes part of the scientific record and cannot be removed. You also confirm that you understand [what a preprint is](#) and that you agree to make the preprint public without peer-review. Most journals allow subsequent submission of the preprint for peer-review, but you are advised to review [journal policies](#) if you plan to submit the preprint for peer-review.
